ANNOUNCEMENTS. We are authorized to announce Jissa John as candidate for Mayor of Savannah, at the coming election, subject to the decision of the votes at

the Proceedings of the Andrew County

It seems the burglars, and robbers have again paid our town a visit, and left their marks behind in deeds of daring villainy. On Tuesday, night last no less than three burglaries and robberies were committed.

The store of Wm. A. Price, grocer and grain merchant, was entered by the front door, the thieves forcing off the latch without difficulty. The safe,—a fire proof pattern,—was cut open with a cold chisel, and the boits prized back. About one hundred dollars was secured. A number of valuable papers were within reach, but were left untouched.

The store room of J. B. Russell was entered in a similar way, and the safe opened by means of the chisel and prize. Only about a dollar and a half was obtained from the safe, and the counter drawer was also relieved of a small amount. The papers of this safe were scattered on the floor, and among them was \$56 in greenbacks, which had escaped the notice of the thieves.

The office at Waterman & Shaw's lumber yard was also entered, and the safe, which was of a different make, and more complicated, was blown open. Here the thieves ob-

tained about fifty dollars booty. On top the safe at Price's store, were left the tools with which the work was done. They had been taken from the blacksmith shop of Mr. Morris.

The robbers seem to have accomplished their work with such secresy, and well-laid plans, as to leave no clue behind, but we hope justice will not be long cheated out of her dues.

Miss Jeanie Patterson. Miss Jeanie Patterson arrived in Savannah, on Friday evening last, and

announcements were made that she goods, the robbers did not take any Dramatic Readings at Hardy's Hall, on Saturday evening. A heavy rain coming up, the entertainment did not come off. This was a sore disappointment to a portion of our citizens, who were acquainted with the exalted reputation she has attained in her profession-ranking as the peer of the most gifted ladies of our country. The T , P. & W. Railroad,

BURLINGTON, IOWA, April 16, 1876.

DEAR Sin:—In order to accommodate the increased travelover the "T., P. & W. Boute," the Management has deemed it necessary to place upon the Western and Keokuk Divisions one additional train, making three daily trains from Burlington and Keokuk.

quickest, as it has always been incomerces, the "Across the Continent."

I would eail your attention to the fact that our Train No. 4, "New Tork Special," is the factor train ever run between the West and New York. By this train, passengers from Omaha, Bartington, Krokuk and other Western points, are landed in New York City twelve hours in advance.

landed in New York City twelve hours in advance of any St. Lonis or Chicago route.

This time is unprecedented, and has never before been attempted.

This gives passengers from Omaha to New Tork but two nights; and Burlington and Ecokuk but one night's ride upon the road, which is one less than by other routes.

The Affautic Express on the C., B. & Q. E. E. Which leaves Omaha at 4:40 P. M., upon the astrival of the "Overland Express" on the Union Pacific R. R., arrives at Peoria at 10:10 A. M., in time to councet with the "New York special" on the T., P. & W. Route. There is but each change of cars between Mistissippi River Peinte and New York.

Yours, very truly.

W. R. CRUMPTON,
General Western Agent:
